**Stardust Dance Academy are you giving you the opportunity to take part in our extra curricular, before and after school dance and gymnastic classes.**

In dance club, you will learn modern, pop dances in fun and friendly sessions. You will learn the core skills that dancers require, including working on strength, flexibility, technique and self-confidence. Dancers have the opportunity to perform in our annual shows, as well as performances in London. Ask last years dancers about the shows that they performed in! The clubs are open to boys and girls with the focus being on "taking part" in the classes and getting fit in a supportive environment, so feel free to either come along to have fun or take it to the performance level.

During gym club, you will learn how to warm up and stretch safely and learn different exercises including cartwheels, jumps and rolls. You can get tips on performing the perfect handstand and other beginner gymnastic moves; as well as learning gymnastic positions, stances and sequences. You can also learn some more advanced artistic gymnastic moves, which will improve your eye-hand-coordination, by using ribbons. Come along to learn how to put all your work together by learning short routines.
